WEBINAR INVITATION

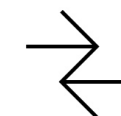

MINIMIZING HARM AND RISKS

HOW TO SUPPORT CITIZEN HEALTH IN A LIBERAL MARKET?

23 February 2021, 13:00 – 14:30, online webinar

MEP Alexandr Vondra, in collaboration with the Institute for Rational Addiction Policies (IRAP), Central Europe's leading NGO in addiction social work, invites you to a debate on how minimizing harms of addiction can help Europeans manage their risky behavior. A lot has been achieved on ground in the EU Member States to help people living with addiction to alcohol, illicit drugs, tobacco or gaming. The panel will discuss how to elevate this experience to the EU level in the context of Europe's Beating Cancer Plan while ensuring a market free of unnecessary regulatory interventions.
